Hi Corky:

Hope you are well. See below for the latest on what we're saying about the Portland Harbor Proposed Plan release. Bottom line: the week of May 23 we'll be able to announce the release date (the release date is not the 23rd, but that week we will know when the release date is).

Let me know if you or others have questions. Feel free to share this info with your contacts.

Take care, Corky.

"The EPA expects to announce the delivery date for the Feasibility Study and the Proposed Plan by the week of May 23<sup>rd</sup>. Data synthesis and electronic document preparation have continued to pose challenges, but those challenges are being met and we look forward to delivering both documents shortly thereafter."
